The Proprietary Material shall not include any information which is freely available, or is made freely available, in the public domain, including, but not limited to: Manufacturer's website(s), distributed manuals and marketing materials, product data sheets, and hardware or software installed in the normal course of business.
- 3. **Ownership Rights.** The Dealer for itself, its Affiliates and any Unrelated Party or Parties specified to the Manufacturer by the Dealer pursuant to the Dealer Agreement (the "Covered Parties"), acknowledges and agrees that Manufacturer has the exclusive copyright, proprietary, ownership, patent and use rights to all the Proprietary Material throughout the world, whether such rights currently exist or are recognized in the future, as well as to the following: (i) all technical data, written material and oral disclosures including, but not limited to, research, plans, methodologies, communications uplinks, software, developments, inventions, formulas, technology, designs, drawings, engineering, hardware configuration, schematics, flow charts and other information which concern or constitute part of the Proprietary Material; (ii) all concepts, know-how or techniques concerning and applications of the Proprietary Material; (iii) all future modifications to, improvements and extensions of the Proprietary Material; (iv) all derivative works based on the Proprietary Process and/or information derived from the Proprietary

Material; and (v) the rights to exploit the Proprietary Materials and the business strategies identified therein commercially.

4. **Acknowledgments.** The Dealer acknowledges that: (i) the Proprietary Material is highly confidential and constitutes trade secrets of Manufacturer, within the meaning of both the Uniform Trade Secrets Act and the Colorado Trade Secrets Act (collectively the “Acts”); (ii) Manufacturer exclusively owns the Proprietary Material; (iii) Manufacturer has invested substantial amounts of time, money and effort to develop and will continue to invest substantial amounts of money, time and effort to maintain the Proprietary Material and has implemented procedures to maintain the confidentiality of the Proprietary Material; (iv) the Dealer itself and/or other competitors of Manufacturer would obtain unfair economic and competitive advantages if the Proprietary Material was divulged or used in competition with Manufacturer; (v) Manufacturer would suffer irreparable and continuing injury if the Proprietary Material was disclosed or used in competition with it; and (vi) the useful life of the Proprietary Material as trade secrets within the meaning of the Acts is unlimited. The Dealer acknowledges that the marking of all or a portion of the Proprietary Material with Manufacturer’s copyright notice in no way diminishes the trade secret status of the Proprietary Material so marked, and instead merely identifies Manufacturer’s ownership of the copyright to such Proprietary Material.
5. **Confidentiality.** The Dealer agrees that, whether or not it enters into a venture with Manufacturer to utilize or exploit the Proprietary Process, the Dealer shall: (i) hold the Proprietary Material in trust solely for Manufacturer’s benefit and use; (ii) not directly or indirectly sell, alienate, transfer, assign, disclose or divulge Proprietary Material to any person or entity without obtaining Manufacturer’s prior, written permission; (iii) allow only those individuals who are in its employment as officers or executive level employees or are Unrelated Parties and who have a “need to know” and are covered under a separate non-disclosure agreement with the Dealer, to maintain or have access to Proprietary Material; and (iv) not directly or indirectly use Proprietary Material or any related information for the benefit of any individual or entity, including itself, nor in any way utilize or exploit the Proprietary Process, or other Proprietary Material commercially, other than as Manufacturer specifically authorizes in a written instrument it executes, nor reverse engineer, disassemble or otherwise develop or use software, hardware, or processes similar to the Proprietary Process or Proprietary Material, or designed from or predicated on Proprietary Material.
6. **Injunctive and Other Relief.** The Dealer acknowledges that if it breaches or threatens to breach any of its obligations under this Agreement, it will cause damage of an irreparable and continuing nature to Manufacturer, for which money damages alone will not provide adequate relief. Therefore, in addition to money damages, Manufacturer is entitled to seek specific performance and to obtain injunctive relief (including but not limited to a temporary restraining order) to prohibit the Dealer’s continuing breach or threatened breach under this Agreement. The Dealer irrevocably consents to the grant of any such equitable relief. Manufacturer will have the right to obtain such relief without having to prove any damages or post any bond. Such remedy shall not be deemed to be the exclusive remedy for any such breach of this Agreement, but shall be in addition to all other remedies available under law or in equity. No failure by the Manufacturer in exercising any right, power, or privilege under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any right, power or privilege under this Agreement.
7. **Survival of Covenants.** The Dealer’s confidentiality obligations under this Agreement shall survive for an unlimited period of time, or until the Proprietary Material becomes part of the public domain through no fault of the Dealer. (consider if this is enforceable; insert more reasonable time?)
8. **Title Protection.** The Dealer covenants that it shall not attack, compromise, file suit against or in any manner attempt to vitiate or commit or fail to take any action that could vitiate any of Manufacturer’s rights, titles or interests in the Proprietary Material.
9. **Indemnification.** The Dealer will defend, indemnify and hold harmless Manufacturer and its subsidiaries, officer, directors, shareholders, partners, agents, successors, assigns and affiliates (collectively the “Indemnitees”), on demand, from any liabilities and expenses, including but not limited to attorneys’ and accountants’ fees, investigation costs, travel costs, transcript costs, disbursements, settlement amounts, judgments, lost profits, lost business opportunities, fines or

penalties, which any Indemnities incur in connection with, in settlement of or resulting from any claims, actions, suits or proceedings (whether civil, criminal, administrative or investigative, including all associated appeals) which involve or threaten any Indemnities, as parties or otherwise, that are in any way based upon or associated with the Dealer's failure to satisfy its obligations set forth in this Agreement.

10. **Return of Data.** If the Dealer and Manufacturer do not enter into a written agreement to utilize or exploit the Proprietary Process or Proprietary Material, or upon the written request of Manufacturer, the Dealer immediately will return to Manufacturer, all the Proprietary Material and all notes, data, reference material, software, memoranda, programs, documents and records which pertain to or incorporate, and all other information which in any way relates to, the Proprietary Material. The Dealer will not retain any copies or abstracts of the foregoing items in any media.
11. **No Warranty.** Although Manufacturer will endeavor to include relevant material in the Proprietary Material, the Dealer understands that Manufacturer has not made and in fact specifically disclaims and the Dealer specifically waives all representations and warranties of any kind or nature, including but not limited to: (i) the completeness of the Proprietary Material; (ii) the amount of revenues that will be generated from the use of the Proprietary Process; and (iii) the overall potential performance of any venture.
12. **Non-exclusive.** Manufacturer retains the right to solicit entities other than the Dealer to consider the Proprietary Process, whether or not such other entities are in competition with the Dealer.
13. **Complete Understanding.** This Agreement constitutes the complete understanding between the Parties related to the subject matter hereof. No alteration or modification of any of this Agreement's provisions shall be valid unless made in writing and signed by both parties.
14. **Applicable Law.** The laws of the State of Colorado (other than those pertaining to conflicts of law) will govern all aspects of this Agreement, irrespective of the fact that one or more of the parties now is or may become a resident of a different jurisdiction. The parties will submit all disputes which arise under this Agreement to state or federal courts located in the City of Denver, Colorado, for resolution. The parties acknowledge the aforesaid courts will have exclusive jurisdiction over this Agreement and specifically waive any claims which they may have that involve jurisdiction or venue, including but not limited to forum non conveniens. Service of process for any claims that arise under this Agreement will be valid if sent to the applicable party's last known mailing address. If service of process is made as aforesaid, the party served agrees that such service will constitute valid service, and specifically waives any objections the party served may have under any state or federal law or rule concerning service of process. Service of process in accordance with this Section shall be in addition to and not to the exclusion of any other service of process method legally available. EACH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL ACTION, PROCEEDING, CAUSE OF ACTION, OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT, INCLUDING ANY EXHIBITS AND SCHEDULES ATTACHED TO THIS AGREEMENT, OR THE TRANSACTIONS CONTEMPLATED HEREBY.
15. **Amendments.** The parties may not amend this Agreement, except in a writing executed by the party against whom the amendment is sought to be enforced.
16. **Severability.** If any provision of this Agreement or its application to any party or circumstance is held invalid, illegal or unenforceable to any extent, the remainder of this Agreement and the application of that provision to the other parties or to other circumstances is not affected and is to be enforced to the fullest extent permitted by applicable law. If any court determines that any provision of this Agreement is unenforceable because of the duration or geographic scope of that provision, the court has the power to reduce the duration or geographic scope of that provision, as the case may be, so that in its reduced form the provision is enforceable.
17. **Merger.** This Agreement constitutes the final agreement between the parties with respect to the subject matter of this Agreement. It is the complete and exclusive expression of the parties' agreement on the matters contained in this Agreement. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in this Agreement are

expressly merged into and superseded by this Agreement. The provisions of this Agreement may not be explained, supplemented, or qualified through evidence of trade usage or a prior course of dealings. In entering into this Agreement, neither party has relied upon any statement, representation, warranty, or agreement of the other party except for those expressly contained in this Agreement. There are no conditions precedent to the effectiveness of this Agreement other than those expressly stated in this Agreement.

18. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be an original but all of which, taken together, shall constitute one and the same instrument.

**IN WITNESS WHEREOF**, the parties have affixed their signature effective as of the date first written above.

**Exhibit B to the Actall Corporation Dealer Agreement  
NOTICE OF WARRANTY & DISCLAIMER**

**NOTICE TO USERS OF THE ACTALL CORPORATION PALS OR ATLAS LOCATION SERVICES  
SYSTEMS**

**WARRANTY & DISCLAIMER**

Actall Corporation (“Actall”) provides a twelve-month warranty for hardware and software products that we manufacture (“Products”) and warrants that each Product will be in free of defects in materials and workmanship (under normal wear and tear) for the twelve months of the Product’s lifecycle, whether purchased directly from Actall or an authorized Actall Dealer. Within the warranty period Actall will repair or replace, at its option, all or any part of the warranted Product. Actall is not and will not be responsible for dismantling and/or reinstalling charges for any Product. To exercise the warranty, the party or person employing the Product (the “User” or “Customer”) must receive a Return Material Authorization (“RMA”) number from Actall. Details of shipment will be arranged at that time. All shipping charges will be borne by the returning party. The risk of loss or damage to the Products being returned under an RMA will remain with the User until the Products are accepted at Actall’s facilities stated in the RMA. The User shall procure and maintain adequate insurance against loss of the Products with a reputable shipping service and shall provide Actall with details of the carrier, shipment tracking number, estimated time of arrival, proof of insurance, and any other details reasonably requested by Actall promptly upon request.

This warranty applies to Products sold on or after January 1, 2020. This warranty does not apply in cases of improper installation, misuse, failure to follow installation and operation instructions, alteration, abuse, accident or tampering, and repair of any Product by anyone other than Actall.

This warranty is exclusive and expressly in lieu of all other warranties, obligations or liabilities, whether written, oral, express, or implied, including any warranty of merchantability or fitness for a particular purpose. Actall will not be liable to anyone for any consequential or incidental damages for breach of this warranty or any other warranties.

This warranty will apply to Actall Products only. All other products, accessories or attachments used in conjunction with Actall equipment, including batteries, will be covered solely by their manufacturer’s warranty, if any. Actall will not be liable for any direct, incidental or consequential damage or loss whatsoever, caused by the malfunction of Product due to products, accessories, or attachments of other manufacturers, including batteries, used in conjunction with Actall products.

This warranty does not warrant the replacement of batteries that are used to power Actall Products.

The User recognizes that a properly installed and maintained security system may only reduce the risk of events such as burglary, robbery, personal injury and fire. It does not insure or guarantee that there will be no death, personal damage and/or damage to property as a result. Actall does not claim that the Product may not be compromised and/or circumvented, or that the Product will prevent any death, personal and/or bodily injury and/or damage to property resulting from burglary, robbery, fire or otherwise, or that the Product will in all cases provide adequate warning or protection.

Actall Corporation shall have no liability for any death, injury or damage, however incurred; based on a claim that Actall Products failed to function under any theory of liability. If, however, Actall is, for any reason, held liable, directly or indirectly, for any loss or damage arising under this limited warranty or otherwise, regardless of cause or origin, Actall’s maximum liability will not in any case exceed the purchase price of the Product component, which will be fixed as liquidated damages and not as a penalty, and will be the complete and exclusive remedy against Actall, which amount both Actall and the User expressly agree is reasonable, equitable and not disproportionate to the potential damage that would be incurred by the aggrieved party.

**!! WARNING:**

The User should follow all Product installation, operation and maintenance instructions. The User is strongly advised to conduct Product and systems tests at least once each week. Changes in environmental conditions, electric or electronic disruptions and tampering, may cause the Product to not perform as expected.
